# UTKARSH

utk.arshh.9.2@gmail.com | (91) - 6397553165 | Muzaffarnagar 251001 | [PORTFOLIO](#) | [LINKEDIN](#) | [GITHUB](#)

## Experience

**Hunt The Career**                                                                                                   **Remote**
Full Stack Developer Intern                                                                          July 2024 - Oct 2024
  ➢ Collaborated with the development team to design and implement full-stack features using **React, Tailwind, Node.js**, and **MongoDB,** improving user engagement by 25%.
  ➢ Developed and integrated **REST APIs** to fetch and update live data, ensuring seamless interaction between frontend and backend systems.
  ➢ Utilized **Redux** for state management and optimized backend architecture to enhance application scalability and maintainability by 40%.
  ➢ Worked closely with a backend team of 4 members, optimizing database queries and API consumption, resulting in a 20% reduction in response time.

## Technical Skills                                                                                    Soft Skills

**Languages:** C++, Java                                                                           Problem Solving Skills
**Web:** HTML, CSS, JavaScript, TypeScript, SQL,MySQL                          Excellent Analytical Skills
**Frameworks/Libraries:** Tailwind CSS, React, Redux, Node.js, Express, MongoDB                Communication
**Tools:** VSCode, GIT, GitHub, RESTful API, Bash(Terminal), Postman, Figma                            Teamwork

## Projects Work

  ➢ **CoLabSync** | React, NodeJs, Express, Socket.io, Tailwind CSS, Axios | [Live Preview](#) | [Code](#)
    ○ Engineered a **collaborative code editor** using React, Node.js, and Express, enabling concurrent code editing by multiple users.
    ○ Documented API endpoints and **real-time synchronization** logic to ease maintenance and collaboration.
    ○ Leveraged EMKC API to enable **code compilation and execution** in 6 programming languages, enhancing the versatility of the editor.
    ○ Created a **responsive and user-friendly interface**, achieving a 95% user satisfaction rate and facilitating seamless coding.

  ➢ **PlanIt** | React, NodeJs, Express, MySQL, Prisma, Shadcn UI, Tailwind CSS, Redux, TypeScript | [Live Preview](#) | [Code](#)
    ○ Built PlanIt using **React** and **Node.js** with **Express**, implementing **Redux** for state management.
    ○ Utilized **MySQL** with **Prisma** for efficient data handling, enabling robust CRUD operations for user events and scheduling
    ○ Integrated key **calendar functionalities**, such as event creation and updation, enhancing user productivity and time management.
    ○ Implemented secure user authentication using **JSON Web Tokens** and **OAuth**, allowing personalized access to features and data.

  ➢ **Paytm Wallet** | React, NodeJs, Express, MongoDB, Tailwind CSS, Axios | [Live Preview](#) | [Code](#)
    ○ Developed a **MERN stack-based digital wallet application**, focusing on secure and scalable user interactions.
    ○ Built features including **user authentication** and **secure transaction processing**, ensuring secure user interactions.
    ○ Produced an **intuitive UI** for signup/login, wallet balance, and initiating transactions, improving mock user flows by **30%**..

  ➢ **Frans Hals Museum Replica** | React.js, Tailwind CSS | [Live Preview](#) | [Code](#)
    ○ Engineered a digital **replica** of the Frans Hals Museum using React and Tailwind CSS.
    ○ Integrated **React Slick** library to add a responsive slider feature within the digital replica, enhancing user engagement and navigation fluidity.
    ○ Implemented universal **responsiveness** for seamless user experience across all devices, contributing to a 5% reduction in mobile page load times

## Education

**DR. A.P.J. ABDUL KALAM TECHNICAL UNIVERSITY**
Master of Computer Application                                                                  Sep 2022 - Aug 2024

**HEMVATI NANDAN BAHUGUNA GARHWAL UNIVERSITY**
Bachelor of Computer Application                                                                  Aug 2018- Nov 2021

## Achievements

[Leetcode](#)    [GFG](#)

  ● Attained a competitive ranking of under 2400 out of 25,000+ participants in Leetcode weekly Contest 383 and Ranked 295th out of 3,000+ participants in GFG's weekly coding contest 137
  ● Successfully solved 400+ problems on Leetcode and GFG, demonstrating a strong foundation in DSA.

## Certification

  ➢ ReactJs Crash Course
  ➢ Interactivity with Javascript
  ➢ Advanced Relational Database and SQL
